------------------------------------	----

Key Summary

- Total loss after tax £7.1m (2022: £nil).
- Group operating loss of £7.4m (2022: Loss of £0.2m).
- Group net assets of £6.5m representing approximately 14 pence per share (2022: 29 pence per share).
- Group cash and term deposits at 31 December 2023 of £7.3m (31 December 2022: £13.8m).

Chairman and CEO's Report

During 2023, the Group concluded action in relation to two of the three litigation assets which were outstanding at the start of the year.

The claim against PricewaterhouseCoopers LLP ("PwC") was heard in the early part of the year and disappointingly the court found in favour of the defendant with leave to appeal refused.

In November 2023, the Upper Tier Tax Tribunal ("UTT") heard our appeal against the decision of the First Tier Tax Tribunal in respect of our claim against HMRC. Subsequent to the year end, in March 2024, the Group was informed of the decision of the UTT which found in favour of HMRC. The Group has been granted permission to appeal the decision of the UTT to the Court of Appeal.

Finally in December 2023, a settlement in favour of the Group was reached with Aviva Canada Inc ("Aviva Canada"). Whilst the settlement was at a lower level than previously hoped, given the litigation risk and the position of the Group in respect of other matters, it was considered the best commercial outcome available.

Following the conclusion of the PwC trial, costs were further rationalised, with the Board being reduced to a single executive and a single non-executive officer with no other employees being retained.

2024 outlook

We now look to conclude the final litigation asset with HMRC and return the assets of the Group to shareholders in due course. We would like to thank our shareholders for their support during 2023 and patience whilst we work to realise maximum value from our remaining assets.

Richard Rose

Non-executive Chairman

Stefan Borson

Chief Executive Officer

Strategic Report

1. Business Review

1.1 About Watchstone

The Company is focused on managing the Group's remaining litigation asset in order to achieve maximum shareholder value.

During the year, the Group concluded its claims against PwC and Aviva Canada.

1.2 Board decision making (section 172 statement)

The Board has a duty to promote the success of the Company for the benefit of its members as a whole whilst also having regard to other stakeholders. The Company operates within the framework provided by the Quoted Companies Alliance Corporate Governance Code (the "QCA Code") to provide robust governance over its wider decision-making processes and the Board. Further details are provided in the Corporate Governance Report.

The Company meets with shareholders as appropriate and uses its website to encourage communication with existing and prospective shareholders. The Company also maintains regular contact with private investors via meetings, email correspondence and investor forums.

The Board constantly monitors the performance of the business as detailed in section 2.4 below, Internal Financial Discipline. The major board decisions of 2023 were in respect of its litigation strategy including the settlement with Aviva Canada. Where applicable, the financial impact of these items is discussed elsewhere in this report whilst the main factors in the Board decision making process is summarised as follows:

1.2.1 Litigation

The Board is appraised of all outstanding litigation, whether as a defendant or claimant, at each board meeting and discusses the relative merits of each course of action, whilst considering the views and objectives of the stakeholders in the business versus the relative risks and rewards. Material updates are provided in between Board meetings.

1.2.2 Action against PwC

The finding of the court in favour of PwC is ultimately disappointing for the Company. Efforts were made during the process to settle the claim ahead of the trial. In proceeding to trial the Board considered the optimal route for shareholders and sought to balance the litigation risk against the value of the claim and the related cash inflows if successful.

1.2.3 Action against Aviva Canada

In reaching a settlement of £0.2m with Aviva Canada the Board balanced the litigation risk and potential returns to the Group. The status of other litigation, and therefore that of the Group, was also a key factor given the expected timescales for the litigation and the ongoing cash requirements of the business.

On balance of the above factors the Board considered the settlement sum to represent value for shareholders and to be the most appropriate course of actions considering all stakeholders.

1.2.4 Other stakeholders

The Group has no corporate head office and makes extensive use of technology to save money and to limit its impact upon the environment through reduced travel.

1.3 Overview of 2023

1.3.1 Continuing business activities

Continuing business activities represent the Chief Executive and the Chairman, supported by external legal and other professional advisers. During 2023, the Group incurred £2.6m of legal expenses primarily in relation to its claim against PwC which concluded during the year. Furthermore, the Group settled £2.7m in costs of the defendant. The settlement with Aviva Canada contributed £0.2m.

The remaining outstanding litigation relates to HMRC. The claim against HMRC in respect of historic VAT was heard by the UTT in November 2023. The Group has subsequently been informed the UTT found in favour of HMRC. The Group has been granted permission to appeal the decision of the UTT to the Court of Appeal.

The Group now has just one significant component being Watchstone Group plc as parent company.

1.3.2 Discontinued business activities

There were no disposals of businesses during 2023. The result from discontinued operations relates to the resolution and settlement of the outstanding assets and liabilities of the shell entities retained post disposal.

1.3.3 Resolving legacy matters

Certain potential assets and liabilities are not recognised in the Financial Statements due to their uncertainty:

- Contingent assets include recoveries relating to taxation and litigation in progress; and

Strategic Report (continued)

- Contingent liabilities could include damages from adverse outcomes. These are disclosed but no liability is recognised.

Amounts will be recognised in line with applicable accounting standards if, and when, the appropriate level of probability of payment or receipt and appropriate reliability of measurement has been achieved.

Further details are provided in note 23 to the Financial Statements.

1.4 Overview of Financial Statements

The Financial Statements are presented on pages 22 to 52. An overview of the main factors which have influenced the Financial Statements are the:

- Litigation against PwC.** During 2023, the Group incurred £2.1m of legal expenses in relation to litigation against PwC which concluded during the year. Furthermore, the Group settled £2.7m in costs of the defendant. The costs incurred in relation to the claim are included within Administrative Expenses.
- Litigation against Aviva Canada:** The Group incurred £0.3m of costs and received £0.2m in settlement income. The costs are included within Administrative Expenses. No amounts were paid in respect of Aviva Canada's costs.

1.5 Acquisitions and Investments

The Group made no acquisitions during the year, nor made any significant investments other than in the ordinary course of business.

2. Financial Review

2.1 KPIs and Alternative Performance Measures

Throughout 2023, the Board used a number of measures some of which are not statutory accounting measures to determine the performance of the Group. Total cash and term deposits has decreased as a result of the legal fees and costs associated with the adverse PwC claim, along with the ongoing running costs of the business. Similarly, net assets have reduced year on year. No asset is recognised within these Financial Statements for litigation in progress.

	Year ended 31 December 2023	Year ended 31 December 2022
	£000	£000
Cash returned to shareholders	–	–
EBITDA	(7,366)	(151)
Group net assets	6,445	13,547
Cash and term deposits	7,343	13,768
Basic loss (pence per share)	(15.4)	(0.1)

2.2 Business performance and results

2.2.1 Revenue and gross profit margin

The Group retains no trading businesses and therefore there is no continuing revenue or cost of sales in the Consolidated Income Statement.

2.2.2 Operating loss

The operating loss increased to £7.4m during 2023 from £0.2m during 2022 as a result of the £5.0m KPMG settlement during 2022 not recurring and offset by higher legal costs of £5.3m during 2023 compared to £2.1m during 2022. The was partially offset by lower operating costs and the Aviva Canada settlement income.

2.2.3 Loss before tax

The Group has incurred a continuing loss before tax of £7.1m for the year (2022: £nil). Finance income was higher due to the investment of funds held to support the litigation assets receiving higher interest rates.

2.2.4 Cashflow

The Group had net cash outflows of £6.5m, this is better than the operating loss during the year of £7.4m as a result of finance income of £0.2m and a £0.7m improvement in working capital. Working capital improved since a proportion of legal fees reduced the escrow receivable at 31 December 2022, the balance of which was released during the year ended 31 December 2023.

Strategic Report (continued)

	2023	2022
Year ended 31 December	£m	£m
Total cashflows from operating activities (including discontinued operations)	(6.7)	0.7
Interest income	0.2	0.1
Total investing activities	0.2	0.1
Returned to shareholders	–	–
Overall net (outflow)/inflow	(6.5)	0.8
Opening cash	13.8	13.0
Closing cash and term deposit investments	7.3	13.8
Analysed as:		
Cash	1.3	1.8
Term deposits	6.0	12.0

The overall cashflows reconcile to the Consolidated Cashflow statement as follows:

	2023	2022
At 31 December	£m	£m
Overall net (outflow)/inflow	(6.5)	0.8
Investment in term deposits	(14.0)	(26.0)
Maturity of term deposits	20.0	14.0
Net decrease in cash and cash equivalents	(0.5)	(11.2)

2.2.5 Balance Sheet

The net assets shown in the Statement of Financial Position at 31 December 2023 were £6.5m (2022: £13.5m).

The closing net assets can be analysed by their proximity to cash as follows:

	2023	2022
At 31 December	£m	£m
Cash and term deposits	7.3	13.8
Other net current liabilities	(0.8)	(0.3)
Non-current assets	–	–
Net Assets	6.5	13.5

2.2.6 Earnings per share

The basic and diluted EPS from continuing operations, as defined in note 12 of the Financial Statements, was a loss of 15.4 pence per share (2022: loss of 0.1 pence per share).

2.3 Going concern

It is the intention of the Directors to return capital to shareholders and to liquidate the Parent Company and the Group when the remaining legal matter, as described in note 17, has been concluded and any value from litigation assets has been achieved. It is not possible to determine the timeframe for this process to be completed as it is contingent upon several external factors including court approval for a capital return.

The Parent Company and the Group remain solvent, with net assets and sufficient cash and term deposits to meet their ongoing need for the foreseeable future up until when they will be liquidated. Given the intention to liquidate the Parent Company and the Group, the Directors therefore believe that it is not appropriate to prepare these Financial Statements on a going concern basis. Accordingly, the Directors have prepared these financial statements on a basis other than going concern. No adjustment was needed to the amounts recognised in these Financial Statements because of this change.

2.4 Internal financial discipline

We have defined the financial disciplines under which we will operate at the Group and operating company level. We have summarised below the key areas upon which we focus:

- Ethics. Relationships and transactions are conducted to high ethical standards. Suppliers are treated fairly, and transactions concluded on an arms-length basis. Regulators are communicated with in an open and cooperative way;
- Safeguarding of assets. We ensure that the assets of the Group are appropriately protected and managed, and that maximisation of shareholder value is at the heart of all transactions involving corporate assets;
- Establishment of investment disciplines. Appropriate investment is made by the Group in order to maximise shareholder value from its assets;
- Authorisation and accountability. Matters are reserved both for Group Board approval and the control environment is proportionate to the size of the Group; and
- Financial planning, reporting and monitoring. Each month the Board reviews the financial results and KPIs including a re-forecast of the full year expected cash flows.

In addition, to internal financial discipline, the Group makes trading statements (as appropriate) and reports full and half yearly financial results externally.

2.5 Interim Financial Statements for the period ended 30 June 2024

We intend to prepare a set of interim Financial Statements for the 6 months ending 30 June 2024.

Strategic Report (continued)

3. Capital management

The Group's objective is to maintain a balance sheet structure that is efficient in terms of providing returns to shareholders and which safeguards the Group's financial position.

At 31 December 2023, there was no external debt finance in the business and the Group maintains sufficient liquid funds to be able to fund the future operations of the Group. Where possible, the Group deposits funds in short term fixed duration interest bearing accounts with leading High Street banks in the UK.

4. Principal risks and uncertainties

The Group is exposed to a number of risks and uncertainties which could have a material impact on its performance. The Directors have identified those which they regard as being the principal risks and these are set out below.

4.1 Key personnel and resources

The success of the Group depends to an unusually large extent upon its management team and its ability to retain them. The Group will continue to seek to mitigate this resource risk by providing appropriate training, competitive reward and compensation packages and incentive schemes. The Group has outsourced a number of key functions where it is most cost efficient to do so or where a third party can bring greater resources or expertise than the Group. The Group monitors the performance and financial security of its outsourced partners.

4.2 Other legal, regulatory and reputational risks

Failure to protect the Group's reputation and brand in the face of regulatory, legal or operational challenges could lead to a loss of trust and confidence with our suppliers including litigation partners. In addition, any investigations by external agencies could also affect our ability to recruit and retain talented employees. Reputational issues may also affect the attractiveness of the Company's shares to new and existing investors.

Much of the future returns of the Group will arise out of the proceeds (if any) from its remaining litigation asset. Whilst the Group is confident in the merits of its claim, as with any litigation there can be no guarantee that the actions will succeed, and the dismissal of claims could give rise to adverse costs consequences.

4.3 Market conditions

Market conditions, including general economic conditions and their effect on exchange rates, interest rates and inflation rates and investment returns, may impact the ultimate value of the Group regardless of its operating performance.

4.4 Climate change

The Group no longer operates trading businesses and the remaining Directors use remote working where possible to reduce the impact of the Group upon the environment.

4.5 Foreign exchange

During the year the Group's Canadian subsidiary was engaged in a legal case in Canada and therefore the Group is exposed to volatility in exchange rates. This is in respect of foreign currency denominated transactions and the translation of income statements and net assets of foreign subsidiaries. The most significant foreign currency exposure was in relation to Canadian Dollars. The Company has not sought to mitigate its exposure to the translation of net assets.

By order of the Board

Stefan Borson

Chief Executive Officer and Company Secretary

Board of Directors

Richard Rose (age 68)

Non-executive Chairman

Richard Rose is Non-Executive Chairman of XP Factory plc and IB Limited. Previously, he has held a number of positions in organisations such as AO World plc where he was Non-Executive Chairman from 2008 to 2016 and Booker Group plc where he was Non-Executive Chairman.

Stefan Borson (age 49)

Chief Executive Officer

Stefan Borson has over twenty five years' experience working in and leading and advising both listed and high growth private companies. He has held Board positions in a broad range of roles from Chief Executive Officer to Corporate Development & Investment Director.

Following qualification as a Solicitor in 2000 with Addleshaw Goddard, Stefan spent seven years in Investment Banking at Investec plc specialising in advising consumer facing and technology businesses. In 2007, Stefan joined the board of Clerkenwell Ventures plc, a listed investment fund and joined Redbus Media Group Limited as Chief Executive Officer in 2009. In August 2014, Stefan joined Watchstone Group plc as Chief Legal and Communications Officer becoming Group General Counsel & Company Secretary in May 2015 following the sale of the PSD. He continues to act as General Counsel & Company Secretary in conjunction with his Chief Executive Officer role and is the sole executive director of the Company.

Directors' Remuneration Report

The Board recognises the importance of shareholder transparency and compliance with corporate governance principles. The Company has prepared this report in order to enable a better understanding of Directors' remuneration. The information included in this report is unaudited.

The information in this report relates to the remuneration arrangements that applied during the year ended 31 December 2023 and the remuneration policy that applies in 2024.

Remuneration Committee

Before the 2023 AGM, Lord Howard was chairman of the Committee alongside additional members David Young and Richard Rose each of whom were independent. Following the reduction of the Board after the 2023 AGM Richard Rose carried out the role of the Committee personally. The remuneration of the executive Director has not been subject to any increases since appointment in 2018.

The remuneration of the non-executive Director, Richard Rose has not been subject to any increases since appointment in 2015. Consequently, no Director or other executive has been or is involved in any decisions about changes to his own specific remuneration.

Remuneration policy

The remuneration package for the executive Director comprises the following main elements:

- basic annual salary;
- discretionary annual bonus payments in respect of the performance of the individual, achievement of performance criteria and the individual's contribution to that performance and the Group calculated as a percentage of salary; and
- the Distribution Incentive Scheme focused on the ultimate distribution of capital to shareholders.

Stefan Borson (Chief Executive Officer)

Stefan Borson has a base salary of £450,000 per annum (2022: £450,000 per annum) and an entitlement to an annual bonus of up to 150% of salary. Mr Borson is entitled to typical executive benefits including a pension contribution of 10% of base salary, life assurance and health and medical insurance. His notice period on his rolling service contract is 6 months.

Annual bonuses of the executive management team

Mr Borson is the only member of the executive management team whose remuneration entitles him to an annual bonus. In deciding on the annual cash bonus awarded to him for 2023, the Remuneration Committee took into account his work in respect of, inter alia, the:

- strategy and handling of the legal matters;
- resolution, careful management and mitigation of remaining legacy matters, concluded during the year; and
- further rationalisation of the legal structure of the group.

For details of the annual bonuses paid to the Directors, please see the table below and the associated notes.

For 2024, the annual discretionary bonus for Mr Borson will again be closely aligned to the interests of the Company and its shareholders. Executive management will be rewarded based on the achievement of outcomes consistent with the optimisation of shareholder value. The discretionary bonus plan will reward, inter alia, a combination of:

- optimisation of returns from contingent assets; and
- careful cash and efficient cost management.

Award of the maximum discretionary bonus will only be given on optimal achievement of these targets.

Long term incentive plan – the Distribution Incentive Scheme

The Committee believes that the Distribution Incentive Scheme focuses the executive Director on enhancing value and returning that value to shareholders and ensures alignment of the Board's and shareholders' interests.

The Distribution Incentive Scheme was put in place upon Mr Borson's appointment as Chief Executive Officer to reflect the changing focus of the Group. The Distribution Incentive Scheme is a cash-based incentive and retention scheme that will only be triggered upon distributions or the sale of the Group after 1 January 2018 in excess of a cumulative £57,205,403 (calculated as to £46,038,333 (being £1 per ordinary share) plus the increase of the hurdle due to the now historical and ceased payment of Guaranteed Elements of past annual bonuses) ("Distribution Hurdle"). The Distribution Hurdle was permanently passed during 2020 as a result of the returns of cash to shareholders. Accordingly, Mr Borson will be entitled to cash bonuses of 5.43% of any future distributions to shareholders. Mr Borson is the sole participant in the Distribution Incentive Scheme.

Directors' Remuneration Report (continued)

Non-executive Directors

The non-executive Directors do not have service contracts, nor do they participate in any share option plan, Distribution Incentive Scheme, long term incentive plan or pension scheme. The services of each non-executive Director are provided under a letter of engagement which can be terminated by either party giving notice (one months' notice for each non-executive Director). Fees payable under the terms of their appointments for those Directors who served during the year are shown in the table below.

Directors' emoluments

The remuneration of the Directors, including the highest paid Director who was Mr Borson, was as follows (see note 9 to the Financial Statements):

	Salary and fees	Bonus	Contributions to personal pension schemes	Distribution incentive scheme	Total
2023	£000	£000	£000	£000	£000
Executive					
S Borson	490	675	–	–	1,165
Non-executive					
R Rose	185	–	–	–	185
M Howard*	31	–	–	–	31
D Young*	31	–	–	–	31
Total	737	675	–	–	1,412

*for the period until resignation.

	Salary and fees	Bonus	Contributions to personal pension schemes	Distribution incentive scheme	Total
2022	£000	£000	£000	£000	£000
Executive					
S Borson	490	675	–	–	1,165
Non-executive					
R Rose	185	–	–	–	185
M Howard	75	–	–	–	75
D Young	75	–	–	–	75
Total	825	675	–	–	1,500

This report was approved by the Board on 23 April 2024 and signed on its behalf by:

Richard Rose

Chairman of the Remuneration Committee

Corporate Governance Report

The Directors recognise the importance of good corporate governance and have chosen to apply the QCA Code.

The correct application of the QCA Code requires the Company to apply its ten principles and also to publish certain related disclosures either on our website or in this Annual Report or a combination of both. Our website, www.watchstonegroup.com/investors/corporate-governance, includes disclosure considering each principle in turn and references where the appropriate disclosure is given. The Company is currently not fully compliant with Principle 7 – specifically in connection with Board evaluation processes and succession planning, further details are provided on our website at the address above.

The Board

The Group has appointed a non-executive Director to bring an independent view to the Board and to provide a balance to the executive management. During the year the size of the Board of Directors has reduced, commensurate with the complexity and activities of the Group. The Board of Directors now comprises a single executive Director and a single non-executive Director.

The Board meets monthly throughout the year (save in August and December when Board packs are still distributed) and meets at various times between these dates to discuss matters and agree actions on an ongoing basis. In preparation of each regular meeting, the Board receives a Board pack with the information necessary for it to discharge its duties. The Board has responsibility for formulating, reviewing and approving the Group's strategy, its financial plans, regulatory announcements, major items of expenditure, investments, acquisitions and disposals and the Directors' report and Annual and Interim Financial statements.

During 2023, the Board held ten monthly Board meetings and a number of Board calls in between meetings. Each of the Directors attended all such meetings.

Each Director has access to the advice and services of external counsel and is able to take professional advice at the Group's expense.

The Group maintains appropriate insurance cover in respect of legal actions against Directors as well as against material loss or claims against the Group and reviews the adequacy of cover regularly. The Group has also entered an agreement with each of its Directors whereby the Director is indemnified against certain liabilities to third parties which might be incurred in the course of carrying out his duties as

a Director. These arrangements constitute a qualifying third party indemnity provision for the purposes of the Companies Act 2006.

Board committees

The Board has established four committees: Audit, Remuneration and Disclosure. The Group Company Secretary is secretary to each committee but does not act where discussion relates to him or where there is another conflict.

Audit Committee

After a reduction in the size of the Board after the AGM the Audit Committee was chaired by Richard Rose who sat alongside Stefan Borson. It meets at least twice a year with attendance from the external Auditors as required. The committee is responsible for:

- ensuring that the appropriate financial reporting procedures are properly maintained and reported on;
- meeting the Auditors and reviewing their reports relating to the Group's accounts and internal control systems;
- reviewing and monitoring the independence of the external Auditor and the objectives and effectiveness of the audit process; and

Remuneration Committee

Before the 2023 AGM, Lord Howard was chairman of the Committee alongside additional members David Young and Richard Rose each of whom were independent. Following the reduction of the Board after the 2023 AGM, the Remuneration Committee was chaired by Richard Rose. It is responsible for reviewing the performance of the executive Director. The Committee's report is set out on pages 8 and 9.

Disclosure Committee

The Disclosure Committee is chaired by Stefan Borson who sits alongside Richard Rose. The role of the Disclosure Committee is to make decisions concerning the identification of information that requires announcement pursuant to the AQSE Access Rule Book and other relevant rules. The Disclosure Committee meets as necessary to consider all relevant matters following and incorporating advice from the Company's corporate adviser and, where appropriate the Company's external legal advisers. It will, in particular, meet in advance of the release of all trading statements and other announcements of price sensitive information to ensure that they are true, accurate and complete and to consider if they are fair, balanced and understandable.

Corporate Governance Report (continued)

Shareholder relations

The Company welcomes feedback from investors about its published reports and website. Please address your feedback to our investor relations team by e-mail to investor.relations@watchstonegroup.com or in writing to Highfield Court, Tollgate, Chandler's Ford, Eastleigh, Hampshire, England, SO53 3TY.

Internal control and risk management

The Group operates a system of internal control and will develop and review that system in accordance with guidance published by the FRC. The internal control system is designed to manage rather than eliminate the risk of failure to achieve business objectives. The Board is responsible for the system of internal control and for reviewing its effectiveness. It can only provide reasonable, but not absolute, assurance against material misstatement or loss.

Internal financial control monitoring procedures undertaken by the Board and executive team include the preparation and review of forecasts, review of monthly financial reports and KPIs, monitoring of performance, and the prior approval of all significant transactions as set out on page 5.

The Company has established a policy and share dealing code relating to dealing in the Company's shares by Directors, employees and connected persons.

Richard Rose

Non-executive Chairman

Directors' Report

The Directors present their report and the audited Financial Statements for the year ended 31 December 2023.

Directors

The Directors who held office at 31 December 2023 were Richard Rose and Stefan Borson. Lord Howard and David Young resigned from the Board on 30 May 2023 following the 2023 AGM.

The remuneration of the Directors including their respective shareholdings in the Company is set out in the Directors' Remuneration Report on pages 8 and 9.

As at 31 December 2023, the following Directors held shares in the Company: Stefan Borson (430,000) and Richard Rose (100,000).

Directors' and Officers' liability insurance and indemnification of Directors

The Company maintains Directors' and Officers' liability insurance which gives appropriate cover for any legal action brought against its Directors. The Company has also granted indemnities to each of its Directors to the extent permitted by law. Qualifying third party indemnity have been adopted by the Board. These indemnities remain in force in relation to certain losses and liabilities which the Directors may incur to third parties in the course of acting as Directors of the Company.

Share capital

The Company has only ordinary shares of 10 pence nominal value in issue. Note 18 to the Financial Statements summarises the rights of the ordinary shares.

Substantial shareholdings

As at 23 April 2024, the Company had been advised under the Disclosure and Transparency Regime, or had ascertained from its own analysis, that the following held interests of 3% or more of the voting rights of its issued share capital:

	Number of shares	% holding
Polygon Global Partners LLP	13,811,500	30.0
Beach Point Capital Management LP	6,884,995	15.0
Sand Grove Capital Management LLP	5,395,790	11.7
M&G Plc	2,872,000	6.2
M Harley	2,126,774	4.6
J Harvey	1,655,265	3.6
Subtotal	32,746,324	71.1

Dividends

The Directors do not recommend the payment of a final dividend (2022: nil).

Committees of the Board

The Board has established Audit, Nominations, Remuneration and Disclosure Committees. Details of these Committees, including membership and their activities during 2023 are contained in the Corporate Governance section of this Annual Report and in the Directors' Remuneration Report on pages 8 to 11.

Corporate governance

The Group's report on Corporate Governance is on pages 10 and 11 and forms part of this Directors' Report.

Companies Act 2006 disclosures

In accordance with Section 992 of the Companies Act 2006, the Directors disclose the following information:

- The Company's capital structure and voting rights are summarised on page 36, and there are no restrictions on voting rights nor any agreement between holders of securities that result in restrictions on the transfer of securities or on voting rights;
- There exist no securities carrying special rights with regard to the control of the Company;
- Details of the substantial shareholders and their shareholdings in the Company are listed above;
- The rules concerning the appointment and replacement of Directors, amendment to the Articles of Association and powers to issue or buy back the Company's shares are contained in the Articles of Association of the Company and the Companies Act 2006;
- There exist no agreements to which the Company is party that may affect its control following a takeover bid; and
- There exist no agreements between the Company and its Directors providing for compensation for loss of office that may occur because of a takeover bid.

Articles of Association

The Company's Articles of Association set out the rights of shareholders including voting rights, distribution rights, attendance at general meetings, powers of Directors, proceedings of Directors as well as borrowing limits and other governance controls. A copy of the

Directors' Report (continued)

Articles of Association can be requested from the Group Company Secretary.

Conflicts of interest

Transactions in which one or more of the Directors had a material interest in and to which the Company, or its subsidiaries, was a party during the financial year are described in note 25 to the Financial Statements, Related Parties. Other than as described in that note, there were no contractual relationships between the Directors and companies with which they are connected and the Watchstone Group plc Group of companies during the year.

The Company has procedures set out in the Articles of Association for managing conflicts of interest. Should a Director become aware that they, or their connected parties, have an interest in an existing or proposed transaction with the Group, they are required to notify the Board as soon as reasonably practicable.

Going concern

It is the intention of the Directors to return capital to shareholders and to liquidate the Parent Company and the Group when the remaining legal matter, as described in note 17, has been concluded and any value from litigation assets has been achieved. It is not possible to determine the timeframe for this process to be completed as it is contingent upon several external factors including court approval for a capital return.

The Parent Company and the Group remain solvent, with net assets and sufficient cash and term deposits to meet their ongoing need for the foreseeable future up until when they will be liquidated. Given the intention to liquidate the Parent Company and the Group, the Directors therefore believe that it is not appropriate to prepare these Financial Statements on a going concern basis. Accordingly, the Directors have prepared these financial statements on a basis other than going concern. No adjustment was needed to the amounts recognised in these Financial Statements because of this change.

Financial instruments

The Group does not generally have complex financial instruments. The financial instruments comprise cash and liquid resources and various items such as trade debtors and trade creditors that arise from its operations. Further information in relation to the financial risk management objectives of the Group, the financial risk factors noted and a detailed analysis of the Group's

exposure to interest risk, liquidity risk, capital risk and credit risk is included in note 23 to the Financial Statements.

Political and charitable donations

The Group has not made any political or charitable donations during the year ended 31 December 2023 (2022: £nil)

Post balance sheet events

In March 2024, Watchstone was informed of the decision of the Upper Tax Tribunal which found in favour of HMRC in respect of the Group's claim for historic VAT. Further details are included in note 17.

The Group has been notified of a potential claim in respect of a historic property lease by a former subsidiary of the Group where the parent company had entered into a guarantee for the former subsidiary. The Board, on the basis of advice from specialist Counsel, believe there the Group has no liability and, in any event, will be indemnified against any claim should it proceed.

Website publication

The Directors are responsible for ensuring the annual report and the Financial Statements are made available on a website. Financial Statements are published on the Company's website in accordance with legislation in the United Kingdom governing the preparation and dissemination of Financial Statements, which may vary from legislation in other jurisdictions. The maintenance and integrity of the Company's website is the responsibility of the Directors. The Directors' responsibility also extends to the ongoing integrity of the Financial Statements contained therein.

Disclosure of information to the Auditor

In the case of each of the persons who are Directors of the Company at the date when this report is approved:

- (a) so far as each Director is aware, there is no relevant audit information of which the Company's Auditor is unaware; and
- (b) each of the Directors has taken all steps that they ought to have taken as a Director to make themselves aware of any relevant audit information (as defined) and to establish that the Company's Auditor is aware of that information.

This information is given and should be interpreted in accordance with the provisions of Section 418 of the Companies Act 2006.

Directors' Report (continued)

In accordance with Section 489 of the Companies Act 2006, a resolution for the re-appointment of BDO LLP as auditor of the company is to be proposed at the forthcoming Annual General Meeting.

Annual General Meeting

The AGM will be held on 29 May 2024 in London. The Chairman of the Board and of each of its Committees will be in attendance in person or on video conference at the AGM to answer questions from shareholders.

The Notice of Meeting and an explanation of the resolutions to be put to the meeting will be made available on the Company's website at www.watchstonegroup.com and will be posted to those shareholders registered to receive paper copies in due course.

By order of the Board

Stefan Borson

Chief Executive Officer and Company Secretary

Statement of Directors Responsibilities

In preparing these Financial Statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether they have been prepared in accordance with UK adopted IFRSs, subject to any material departures disclosed and explained in the Financial Statements; and
- prepare the Financial Statements on the going concern basis unless it is inappropriate to presume that the Group and Parent Company will continue in business. As stated in note 2.3, the Directors do not consider the Group and Parent Company to be a going concern and have prepared the financial statements on a basis other than going concern.

Audit Committee Report

The Committee is chaired by Richard Rose who sits alongside Stefan Borson. The Committee meets at least twice a year with the external Auditors. The Committee is responsible for:

- ensuring that the appropriate financial reporting procedures are properly maintained and reported on;
- meeting the Auditors and reviewing their reports relating to the Group's accounts and internal control systems; and
- reviewing and monitoring the independence of the external Auditor and the objectives and effectiveness of the audit process.

Summary of meetings during the year

The focus of the Committee has again been on the integrity of the Group's financial accounting and ensuring that shareholders can have confidence in the Group's accounting policies and systems and, as a result, in its reported results. Particular attention has been paid to accounting for litigation to which the Group is a party.

Relationship with the Auditor

Shareholders approved the re-appointment of BDO at the 2023 AGM.

The Committee believes that the independence of the Auditor is one of the primary safeguards for shareholders. The Committee reviewed audit independence and the scope of non-audit services and independence safeguards with BDO. As part of this review, the Committee has received and reviewed written confirmation that, in BDO's professional judgement, BDO is independent within the meaning of all UK regulatory and professional requirements and the objectivity of the audit engagement partner and audit staff is not impaired.

2023 Audit and Financial Reporting

The Committee reviewed with both management and BDO in respect of the full year, the appropriateness of the annual Financial Statements concentrating on, amongst other matters:

- the quality and acceptability of accounting policies and practices;
- the appropriateness and clarity of the disclosures and compliance with financial reporting standards;
- areas in which significant judgements have been applied or estimates made or where there has been challenge from the Auditors;

- the audit report which BDO has issued and their application of materiality and audit scope to the reduced level of ongoing business given the legacy assets and potential liabilities; and
- whether the annual report and accounts, taken as a whole, present the results for the year in a fair and balanced way and provide the information necessary for shareholders to assess the Company's financial position, performance, business model and strategy.

The Committee supports the Auditors in displaying the necessary professional scepticism their role requires and, when necessary, the Chair meets with the Auditors without the executive management being present.

The Committee paid particular consideration to the scope of the audit and the risks with the greatest impact to financial reporting and on the audit. A number of the issues below are also referenced in the Independent Auditor's Report and in those instances shareholders may wish to refer to that report for the Auditor's assessment of the audit risk and how their audit procedures responded to that risk. The Committee reviewed and considered the significant issues in relation to the Financial Statements and how these have been addressed. These issues included:

- **Legal claims**
The treatment and disclosure in respect of legal claims, settlement income and legal fee provisions.
- **Going Concern**
The Committee considered the use of the Going Concern basis of accounting given the future plans for the Group.

Risk management and internal control

The Committee reviewed the risks inherent in the now small financial management team and the availability of compensating controls.

Independent Auditor’s Report to the members of Watchstone Group plc

Opinion on the Financial Statements

In our opinion:

- the financial statements give a true and fair view of the state of the Group’s and of the Parent Company’s affairs as at 31 December 2023 and of the Group’s profit for the year then ended;
- the Group financial statements have been properly prepared in accordance with UK adopted international accounting standards;
- the Parent Company financial statements have been properly prepared in accordance with UK adopted international accounting standards and as applied in accordance with the provisions of the Companies Act 2006; and
- the financial statements have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements of Watchstone Group Plc (the ‘Parent Company’) and its subsidiaries (the ‘Group’) for the year ended 31 December 2023 which comprise the Consolidated Income Statement, the Consolidated Statement of Comprehensive Income, the Consolidated Statement of Financial Position, the Consolidated Statement of Changes in Equity, the Consolidated Cash Flow Statement, the Company Statement of Financial Position, the Company Statement of Changes in Equity, the Company Cash Flow Statement and notes to the financial statements, including a summary of material accounting policies.

The financial reporting framework that has been applied in their preparation is applicable law and UK adopted international accounting standards and as regards the Parent Company financial statements, as applied in accordance with the provisions of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor’s responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remain independent of the Group and the Parent Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC’s Ethical Standard as applied to listed entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Emphasis of matter – financial statements prepared on a basis other than going concern

We draw attention to Note 2 to the financial statements which explains that the directors intend to liquidate the Parent Company and the Group when the remaining legal matter, as described in note 17, has been concluded and any value from this asset has been realised, and therefore, the directors do not consider it to be appropriate to adopt the going concern basis of accounting in preparing these financial statements. Accordingly, these financial statements have been prepared on a basis other than going concern as described in Note 2. Our opinion is not modified in respect of this matter.

Overview

Coverage (subject to full scope audit by the group engagement team)	99% of Group Loss before tax (2022: 100% of Group Profit) before tax) 99% (2022: 100%) of Group total assets
---	---

Key audit matters	2023	2022
Legal cases	✓	✓
Materiality	Group Financial Statements as a whole	
	£112,000 (2022: £232,000) based on 1.5% (2022: 1.5%) of total assets	

An overview of the scope of our audit

Our Group audit was scoped by obtaining an understanding of the Group and its environment, including the Group’s system of internal control, and assessing the risks of material misstatement in the financial statements. We also addressed the risk of management override of internal controls, including assessing whether there was evidence of bias by the Directors that may have represented a risk of material misstatement.

We identified one significant component being the parent company audited by the Group engagement team. Following the disposal of businesses in prior years all other subsidiaries were either non-trading or dormant during the year. The Group engagement team performed analytical procedures on the non-significant components.

Independent Auditor's Report to the members of Watchstone Group plc (continued)

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) that we identified, including those which had the greatest effect on: the overall audit strategy, the allocation of resources in the audit, and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Our application of materiality

We apply the concept of materiality both in planning and performing our audit, and in evaluating the effect of misstatements. We consider materiality to be the magnitude by which misstatements, including omissions, could influence the economic decisions of reasonable users that are taken on the basis of the financial statements.

In order to reduce to an appropriately low level the probability that any misstatements exceed materiality, we use a lower materiality level, performance materiality, to determine the extent of testing needed. Importantly, misstatements below these levels will not necessarily be evaluated as immaterial as we also take account of the nature of identified misstatements, and the particular circumstances of their occurrence, when evaluating their effect on the financial statements as a whole.

Key audit matter	How the scope of our audit addressed the key audit matter	
<p>Legal cases The accounting policy in respect of provisions is set out on page 29. Further information in relation to the ongoing matter is included in the Provisions note 17 on page 36. The impact of the matters resolved during the year is included in note 8.</p>	<p>As at the end of the reporting period, the Parent Company had one outstanding legal matter, in relation to an historic VAT claim against HMRC. There were also two other legal cases that were concluded and settled during the year.</p>	<p>Having assessed their competence and independence, we wrote to each of the law firms acting on the Parent Company's behalf during the year and received direct confirmation as to:</p>
<p>Depending on the status of the legal matter at the balance sheet date, there can be significant judgement as to whether or not there are liabilities or assets to be recognised; or contingent liabilities or assets to be disclosed.</p>	<p>Due to the judgements involved, and the material impact on the financial statements should the judgements not be appropriate, we considered this to be a key audit matter.</p>	<ul style="list-style-type: none"> ■ The matters that they had been engaged in during the year; and ■ The status of those matters at the reporting date or a confirmation of the outcome of the matter that had been settled during the year;
		<p>We also gave further consideration to the completeness of the information presented through inspecting board minutes, correspondence and regulatory announcements.</p>
		<p>We used this information to assess Management's judgement as to the status of the respective cases at the balance sheet date and the financial reporting implications.</p>
		<p>We evaluated the appropriateness of the accounting and disclosures against the requirements of the relevant accounting standards. We also ensured that the information obtained post balance sheet date on the outstanding legal matter has been appropriately considered and either adjusted or disclosed within the post balance sheet events within the financial statements.</p>
		<p>Key observations: We consider the judgements made by management in accounting for the legal cases to be appropriate.</p>

Independent Auditor’s Report to the members of Watchstone Group plc (continued)

Based on our professional judgement, we determined materiality for the financial statements as a whole and performance materiality as follows:

	Group Financial Statements		Parent Company Financial Statements	
	2023	2022	2023	2022
	£000	£000	£000	£000
Materiality	112	232	101	209
Basis for determining materiality	1.5% of net assets		90% of Group materiality	
Rationale for the benchmark applied	Having disposed of its trading businesses, we consider net assets to be of most interest to the users of the Financial Statements in light of the Group’s strategy to return capital to the shareholders.		Having disposed of its trading businesses, we consider total assets to be of most interest to the users of the Financial Statements in light of the Company’s strategy to return capital to the shareholders. The component materiality used is lower than the materiality that we would otherwise have determined using a benchmark of 1.5% of total assets. Materiality was therefore restricted to 90% Group materiality.	
Performance materiality	83	162	76	146
Basis for determining performance materiality	74% of materiality.	70% of materiality.	75% of materiality.	70% of materiality.
Rationale for the percentage applied for performance materiality	Based on a low expected total value of known and likely misstatements		Based on a low expected total value of known and likely misstatements	

Component materiality

The only significant component is the parent company and the materiality is as stated above.

For the non-significant components, a materiality of £56k was applied.

Reporting threshold

We agreed with the Audit Committee that we would report to them all individual audit differences in excess of £3,000 (2022: £6,000). We also agreed to report differences below this threshold that, in our view, warranted reporting on qualitative grounds.

Other information

The Directors are responsible for the other information. The other information comprises the information included in the annual report & financial statements other than the financial statements and our auditor’s report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Independent Auditor's Report to the members of Watchstone Group plc (continued)

Other Companies Act 2006 reporting

Based on the responsibilities described below and our work performed during the course of the audit, we are required by the Companies Act 2006 and ISAs (UK) to report on certain opinions and matters as described below.

Strategic report and Directors' report	<p>In our opinion, based on the work undertaken in the course of the audit:</p> <ul style="list-style-type: none"> ■ the information given in the Strategic report and the Directors' report for the financial year for which the Financial Statements are prepared is consistent with the Financial Statements; and ■ the Strategic report and the Directors' report have been prepared in accordance with applicable legal requirements.
Matters on which we are required to report by exception	<p>We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:</p> <ul style="list-style-type: none"> ■ Adequate accounting records have not been kept by the Parent Company, or returns adequate for our audit have not been received from branches not visited by us; or ■ the Parent Company Financial Statements are not in agreement with the accounting records and returns; or ■ certain disclosures of Directors' remuneration specified by law are not made; or ■ we have not received all the information and explanations we require for our audit.

Responsibilities of Directors

As explained more fully in the Statement of Directors' responsibilities, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Group's and the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using

the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Parent Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Extent to which the audit was capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Non-compliance with laws and regulations

Based on our understanding of the Group and Parent Company, we identified that the principal risks of non-compliance with laws and regulations relate to Corporate and VAT legislation and Employment Taxes, and the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations which have a direct impact on the preparation of the financial statements such as the Companies Act 2006 and the applicable accounting frameworks.

We focused on laws and regulations that could give rise to a material misstatement in the Group financial statements and the susceptibility of the entity's financial statements to material misstatement including fraud. Our procedures included:

- Discussions with Management and the Audit Committee regarding known or suspected fraud or known or suspected instances of non-compliance with laws and regulations;

Independent Auditor's Report to the members of Watchstone Group plc (continued)

- Obtaining an understanding of controls designed to prevent and detect irregularities; and
- Review of board meeting minutes for any evidence of known or suspected fraud or non-compliance with laws and regulations including the Companies Act 2006 and taxation regulations.

Fraud

We identified the principal risk where the accounts could be susceptible to misstatement due to fraud or irregularity related to bias in management override in accounting for legal cases that are currently ongoing (see key audit matters section). Our procedures included:

- Evaluation of management incentives and opportunities for fraudulent manipulation of the Financial Statements including management override. This included gaining an understanding of management remuneration schemes and the extent to which remuneration is influenced by reported results;
- This evaluation involved a particular focus on the judgements and estimates inherent in the key audit matters and exercising professional scepticism in considering the impact of those estimates and judgements on the reported results and key performance measures; and
- Identifying and testing journal entries to accounts that are considered to carry a greater risk of fraud.

We also communicated relevant identified laws and regulations and potential fraud risks to all engagement team members who were deemed to collectively have the appropriate competence and capabilities, and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

Our audit procedures were designed to respond to risks of material misstatement in the financial statements, recognising that the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery, misrepresentations or through collusion. There are inherent limitations in the audit procedures performed and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we are to become aware of it.

A further description of our responsibilities is available on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the Parent Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Parent Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Parent Company and the Parent Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the Financial Statements

1. General information

Watchstone Group plc is a public company limited by shares and is registered and domiciled in the United Kingdom. The Financial Statements are presented in pounds sterling, to the nearest thousand, as this is the currency of the primary economic environment in which the Company operates. The address of the registered office is Highfield Court Tollgate, Chandler's Ford, Eastleigh, Hampshire, England, SO53 3TY. The nature of the Group's operations and its principal activities are set out on page 3.

2. Material accounting policies

The material accounting policies adopted in the preparation of these Financial Statements are set out below. These policies have been consistently applied to all the years presented.

Basis of preparation

These Financial Statements have been prepared in accordance with UK adopted international accounting standards in conformity with the requirements of the Companies Act 2006. A summary of the significant Group accounting policies, which have been applied consistently across the Group, is set out below. The Group has reviewed its accounting policies in accordance with IAS 8 and determined that they are appropriate for the Group and have been consistently applied.

In preparing these Financial Statements the Board has taken into account all available information in the application of its accounting policies and in forming judgements.

Going concern

It is the intention of the Directors to return capital to shareholders and to liquidate the Parent Company and the Group when the remaining legal matter, as described in note 17, has been concluded and any value from litigation assets has been achieved. It is not possible to determine the timeframe for this process to be completed as it is contingent upon several external factors including court approval for a capital return.

The Parent Company and the Group remain solvent, with net assets and sufficient cash and term deposits to meet their ongoing need for the foreseeable future up until when they will be liquidated. Given the intention to liquidate the Parent Company and the Group, the Directors therefore believe that it is not appropriate to prepare these Financial Statements

on a going concern basis. Accordingly, the Directors have prepared these financial statements on a basis other than going concern. No adjustment was needed to the amounts recognised in these Financial Statements because of this change.

Basis of Consolidation

The Financial Statements represent a consolidation of the Company and its subsidiary undertakings as at the Statement of Financial Position date and for the year then ended. Subsidiaries acquired or disposed of during the year are included in the Consolidated Financial Statements from, or up to, the date upon which the investor has control over the investee. The definition of control is such that an investor has control over an investee when a) it has power over the investee; b) it is exposed, or has the rights, to variable returns from its involvement with the investee; and c) has the ability to use its power to affect its returns. All three of these criteria must be met for an investor to have control over an investee. All subsidiary undertakings in which the Group has control have been consolidated in the Group's results.

Non-controlling interests represent the portion of profit or loss in subsidiaries that is not held by the Group and is presented within equity in the Consolidated Statement of Financial Position, separately from the Company shareholders' equity. All intra-group transactions, balances, income and expenses are eliminated on consolidation.

Discontinued operations

Discontinued operations follow the same accounting policies as the rest of the Group, as set out as follows.

Foreign currency translation

The functional and presentational currency of the Parent Company is UK pounds sterling. Transactions denominated in currencies other than the functional currency are recorded at the rates of exchange prevailing on the dates of the transactions. At each Statement of Financial Position date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the Statement of Financial Position date, with any gains or losses being included in net profit or loss for the year.

On consolidation the assets and liabilities of the Group's overseas operations are translated at exchange rates prevailing on the Statement of Financial Position date. Income and expense items are translated at the average exchange rates for the year. Exchange differences arising, if any, are dealt with through the Group's reserves, until such

Notes to the Financial Statements (continued)

time as the subsidiary is sold whereupon the cumulative exchange differences relating to the net investment in that foreign subsidiary are recognised as part of the profit or loss on disposal in the Consolidated Income Statement.

Investments

Fixed asset investments comprise the Group's strategic investments in entities that do not qualify as subsidiaries, associates or jointly controlled entities. They are valued at fair value on initial recognition. Any impairments are dealt with through the Consolidated Income Statement, as are differences between carrying values and disposal receipts. Where investment stakes are subsequently increased a stepped acquisition approach is taken, i.e. when each additional tranche of shares is acquired, the indicators of control and influence for that investment are reviewed to determine how that transaction should be reflected in the Consolidated Financial Statements and also whether the shareholding should be accounted for as a fixed asset investment, associate (under the equity method) or a subsidiary undertaking (and consolidated).

Where investments are subsequently re-measured, profits or losses are recognised through the Consolidated Income Statement.

Trade receivables

Trade receivables are held at amortised cost less any impairment provisions and this equates to their recoverable value. Movements in the impairment provision relating to credit risk are recognised within administrative expenses as bad debt expenses.

Expected credit losses

Financial assets are classified into a measurement category at inception. The cash flows relating to the financial assets of the group relate solely to principal and interest and are held to collect contractual cash flows. Consequently, they are held at amortised costs and expected credit losses, along with gains and losses relating to foreign exchange are recognised directly in profit and loss.

The Group uses a provision matrix for its short-term receivables after segmenting the assets by geography and type of customer. The provision matrices applied are based upon historical observable default rates, adjusted by forward looking estimates of the economic environment within the next twelve months.

Trade payables

Trade payables do not carry any interest and are recognised initially at their fair value. Subsequent to initial recognition they are measured at amortised cost.

Cash and cash equivalents

Cash in the Statement of Financial Position comprises cash at banks and in hand.

Term deposits

Term deposits represent short term (six months or less) investments in fixed interest deposits with a major UK bank. The related gross cash flows are included within investing activities in the Consolidated Cash Flow Statement. The interest receipts relating to term deposits are also shown within investing activities as interest received. Term deposits do not qualify as cash since they are not held with a view to meeting the short term cash requirements of the Group.

Provisions

Provisions are recognised when the Group has a present legal or constructive obligation in respect of a past event and it is probable that settlement will be required of an amount that can be reliably estimated.

Taxation including deferred tax

The tax expense represents the sum of current tax and deferred tax. Tax is recognised in the Consolidated Income Statement except to the extent that it relates to items recognised in equity in which case it is recognised in equity. The current tax is based on taxable profit for the year calculated using tax rates that have been enacted or substantively enacted by the Statement of Financial Position date.

Deferred tax is provided using the balance sheet liability method on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. In principle, deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets or liabilities in a transaction that affects neither the tax profit nor the accounting profit.

Notes to the Financial Statements (continued)

The carrying amount of deferred tax assets is reviewed at each Statement of Financial Position date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled, or the asset is realised. Tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes relate to the same fiscal authority.

Share capital

Equity instruments issued by the Group are recorded at the proceeds received, net of direct issue costs.

Other income

Other income is recognised when it is probable that future economic benefits associated will be received and may be measured reliably.

3. Adoption of new and revised Standards

There are no new standards impacting the Group for the year ended 31 December 2023.

Standards, amendments and interpretations not yet adopted

There are a number of standards, amendments to standards, and interpretations which have been issued by the IASB that are effective in future accounting periods that the Group has decided not to adopt early. The following are not expected to have a material impact upon the Financial Statements of the Group:

Effective for the period beginning 1 January 2024

- Amendment to IAS 7 and IFRS 7 – Supplier finance arrangements.
- Amendment to IFRS 16 – Lease liability in a sale and leaseback transaction.
- Amendments to IAS 1 – Classification of lease liabilities as current or non-current and non-current liabilities with covenants.

Effective for the period beginning 1 January 2025

- Amendment to IAS 21 – Lack of exchangeability.

4. Critical accounting judgements and key sources of estimation uncertainty

As set out in the basis of preparation note, in the preparation of these Financial Statements the Board has taken into account all available information in the application of its accounting policies and in forming judgements. In the process of applying the Group's accounting policies, management has made a number of judgements, and the preparation of Financial Statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the Financial Statements and the reported amounts of revenues and expenses during the reporting year. Although these estimates are based on management's best knowledge of the amount, event or actions, actual results ultimately may differ from those estimates.

The key management judgements together with assumptions concerning the future and other key sources of estimation uncertainty at the Statement of Financial Position date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Judgement: Recognition of liabilities arising under the Distribution Incentive Scheme

As discussed in the Directors' Remuneration Report on pages 8 and 9, the Chief Executive Officer is entitled to 5.43% of any distribution over and above a prescribed distribution hurdle ("DIS Hurdle") which was exceeded during 2020. No amounts have been recognised in these Consolidated Financial Statements in respect of any future payments as it is the judgement of management that the liability does not crystallise, and is materially uncertain, until Court approval has been obtained for the related capital reduction and cash return and furthermore, any distribution (and therefore incentive payment) is made at the discretion of the Group. The impact of this judgement is 5.43% of future amounts distributed.

Notes to the Financial Statements (continued)

Judgement: Going concern basis of accounting

The Group is solvent and has sufficient funds to meet its needs. It is the intention of the board to return capital to shareholders and to subsequently take steps to liquidate the Group when any remaining value from its remaining litigation asset has been achieved. The timescales for this cannot be reliably determined as they are contingent upon a number of external factors.

Going concern is therefore subject to a material judgement. In the view of the Directors the Group will be wound down in the foreseeable future and therefore the Going Concern assumption is no longer appropriate, however no changes are required to the amounts presented within these financial statements as a result of this change.

5. Key performance indicators

	2023	2022
Year ended 31 December	£000	£000
Cash returned to shareholders	–	–
EBITDA	(7,366)	(151)
Group net assets	6,455	13,547
Cash and term deposits	7,343	13,768
Basic (loss)/earnings (pence per share)	(15.4)	0.1

Reconciliation of Alternative Performance Measures to nearest GAAP equivalents

	2023	2022
	£000	£000
EBITDA	(7,366)	(151)
Depreciation and amortisation	–	–
Group operating loss	(7,366)	(151)

6. Other Income

During the year ended 31 December 2023, the Group concluded its claim against Aviva Canada, a settlement of £178,000 was received. During 2021, the Group filed a claim in the High Court against KPMG LLP (“KPMG”) in relation to KPMG’s audit of Watchstone’s (then Quindell’s) Financial Statements for the year ending 31 December 2013. On 14 November 2022, the Group agreed terms for settlement with KPMG. Under the settlement, which is made without admission of liability by KPMG, KPMG paid Watchstone a sum of £4,950,000, in full and final settlement of the claim. This amount is presented as Other Income within the Consolidated Income Statement for the year ended 31 December 2022. The costs incurred in relation to the claim are included within Administrative Expenses within the same period.

7. Operating loss

The operating loss for the year is stated after charging/(crediting):

	2023	2022
	£000	£000
Auditor’s remuneration	43	39
Staff costs, continuing business (note 9)	1,844	1,985

Notes to the Financial Statements (continued)

The analysis of Auditor's remuneration for continuing and discontinued operations is as follows:

	2023	2022
	£000	£000
Fees payable to the Company's Auditor and its associates for the audit of the Parent Company and Consolidated Financial Statements	37	25
Fees payable to the Company's Auditor and its associates for other services:		
– Credits in relation to the prior year audit	–	(1)
– The audit of the Company's subsidiaries	6	15
	43	39

8. Administrative expenses

	2023	2022
Year ended 31 December	£000	£000
Administrative expenses include:		
– Legal expenses	2,610	2,139
– Settlement of defendants legal fees	2,677	–
– Provisions in respect of legal fees	71	–
	5,358	2,139

Legal fees incurred during 2023 primarily relate to the litigation undertaken by the Company against PwC and Aviva Canada. Legal fees incurred during 2022 also included fees in relation to the litigation against KPMG, both now concluded. During 2023, the court found in favour of PwC.

Since the Group is (or was) the Claimant, no provisions are made in respect of the costs of such actions since the Group is (or was) not obliged to continue to pursue them.

Following a hearing in November 2023, in March 2024, Watchstone was informed of the decision of the Upper Tax Tribunal which found in favour of HMRC. Accordingly, the appeal was dismissed and the Group has provided for an estimate of the costs incurred by HMRC. The Group has been granted permission to appeal the decision of the UTT to the Court of Appeal.

9. Employee numbers and staff costs

The average number of employees during the year including Directors for both continuing and discontinued operations was as follows:

	2023	2022
	Number	Number
Management and administration (including Directors)	3	5
	3	5

The remuneration of the executive and Non-executive Directors was as follows:

	2023	2022
	£000	£000
Emoluments	1,412	1,500

The emoluments of the highest paid Director were £1,165,000 (2021: £1,165,000). No Director received contributions (2022: No Director) to pension schemes. Further details are provided in the Directors' Remuneration Report and, in particular, the tables on page 9 form part of this note to the Financial Statements.

Notes to the Financial Statements (continued)

Total employee costs were as follows:

	2023	2022
	£000	£000
Wages and salaries	1,626	1,735
Social security costs	215	240
Pension costs	3	10
	1,844	1,985

10. Net finance income

Continuing operations:

	2023	2022
Year ended 31 December	£000	£000
Foreign exchange gain on intercompany loans	–	25
Bank interest receivable including interest on term deposits	305	86
Total interest receivable	305	111
Foreign exchange loss on intercompany loans	(19)	–
Total interest payable	(19)	–
Net finance income	286	111

11. Taxation

Continuing operations:

	2023	2022
Year ended 31 December	£000	£000
The taxation credit comprises:		
Current tax:		
– Current year	–	–
Total current tax credit	–	–
Deferred tax expense:		
– Origination and reversal of temporary differences	–	–
Deferred tax credit	–	–
Total tax credit	–	–

Income tax for the UK is calculated at the standard rate of UK corporation tax of 23.52% (2022: 19.0%) on the estimated assessable profit for the year. The total charge for the year can be reconciled to the accounting profit as follows:

	2023	2022
	£000	£000
(Loss)/profit before tax from continuing operations	(7,108)	37
Tax at 23.52% (2022: 19.0%) thereon	(1,672)	7
Effect of:		
Expenses not deductible for tax purposes	1,171	506
Utilisation of tax losses	–	(619)
Movement on unrecognised deferred tax	591	106
Total tax credit for the year	–	–

Notes to the Financial Statements (continued)

The tax impact of the items included in the Consolidated Statement of Comprehensive Income is £nil (2022: £nil). At the Statement of Financial Position date, there are unrecognised deferred tax assets of £8,000,000 (2022: £12,300,000).

Factors affecting future tax charges

In the budget on 3 March 2021, the UK Government announced an increase in the main UK corporation tax rate from 19% to 25% with effect from 1 April 2023. The change in rate was substantively enacted on 24 May 2021. Deferred tax assets and liabilities at 31 December 2023 have been measured using these newly enacted rates.

12. Earnings per share

Basic earnings per share is calculated by dividing the earnings attributable to ordinary shareholders by the weighted average number of ordinary shares in issue during the year.

For diluted earnings per share the weighted average number of ordinary shares is adjusted to assume conversion of all dilutive potential ordinary shares where, on warrants or options, exercise price is less than the average market price of the Company's ordinary shares during the year.

The calculation of the basic and diluted earnings per share is based on the following data.

	2023	2022
	£000	£000
(Loss)/profit attributable to ordinary shareholders ^(a)	(7,108)	37
Less: Net loss/(gain) from discontinued operations attributable to ordinary shareholders ^(c)	28	(77)
Loss attributable to ordinary shareholders from continuing activities ^(b) :	(7,080)	(40)
Basic weighted average number of shares	46,038,333	46,038,333
Dilutive potential ordinary shares	–	–
Diluted weighted average number of shares	46,038,333	46,038,333

There are no potentially exercisable options at 31 December 2023 or 31 December 2022.

	2023	2022
	Pence	Pence
(a) (Loss)/profit per share (pence):		
– Basic	(15.4)	0.1
– Diluted	(15.4)	0.1
(b) Loss per share from continuing operations (pence):		
– Basic	(15.4)	(0.1)
– Diluted	(15.4)	(0.1)
(c) (Loss)/earnings per share from discontinued operations (pence):		
– Basic	(0.1)	0.2
– Diluted	(0.1)	0.2

13. Investments

	Fair value degree observable	2023	2022
		£000	£000
Investments carried at fair value	Level 3	–	–

In note 21, a definition is given to record the degree to which fair values are observable. These are grouped into three levels: Level 1, Level 2 and Level 3. Where fair value calculations have been performed for investments, the level is disclosed above under "fair value degree observable". The fair value degree represents unobservable inputs as they are based on unquoted entities – as listed in note 21.

Notes to the Financial Statements (continued)

	Shares in investments £000
Cost	
At 1 January 2022	4,323
At 31 December 2022 and 31 December 2023	4,323
Impairment	
At 1 January 2022	4,323
At 31 December 2022 and 31 December 2023	4,323
Net book value	
31 December 2023	–
31 December 2022	–

Details of the fixed asset investment of the Group and of subsidiary undertakings are provided in note 30.

The fair value of investments was assessed on net present value of cash flows or sales value less cost of sale and fall within Level 3 of the fair value hierarchy. These investments were impaired due to uncertainty over obtaining any future value in the investment. Uncertainty remains over the future value of these investments and hence both will continue to be held at £nil net book value unless greater certainty is evident.

14. Trade and other receivables

	2023	2022
	£000	£000
Other receivables	4	1,652
Prepayments	10	19
Accrued interest	105	40
	119	1,711

At both 31 December 2023 and 2022, the Directors consider that the net carrying amount of trade receivables approximates to their fair value. Further disclosures concerning trade receivables are given in note 21.

15. Cash and cash equivalents

Cash and cash equivalents comprise the following for the purposes of the cash flow statement:

	2023	2022
	£000	£000
Cash	1,343	1,768
	1,343	1,768

Cash and cash equivalents comprise cash held by the Group. The carrying amount of these assets approximates to their fair value.

Notes to the Financial Statements (continued)

16. Trade and other payables

	2023	2022
	£000	£000
Current liabilities		
Trade payables	256	264
Payroll and other taxes including social security	445	54
Accruals	106	1,485
	807	1,803

Trade payables principally comprise amounts outstanding for trade purchases and ongoing costs. The Directors consider that the carrying amount of trade payables approximates to their fair value.

17. Provisions

	Legal disputes
	£000
At 1 January 2022	129
At 1 January 2023	129
Additional provisions	71
At 31 December 2023	200
Split:	
Non-current	–
Current	200

Legal disputes and regulatory matters

Following a hearing held in December 2021, on 12 April 2022, Watchstone was informed of the decision of the First Tier Tribunal which found in favour of HMRC and that the Group had not made any supplies of telematics devices or related services in the VAT periods 07/2014 to 07/2018. Accordingly, the appeal was dismissed and the Group has provided for the costs incurred by HMRC. An appeal with the Upper Tax Tribunal was heard in November 2023. In March 2024, Watchstone was informed of the decision of the Upper Tax Tribunal which found in favour of HMRC. Accordingly, the appeal was dismissed and the Group has additionally provided for an estimate of the costs incurred by HMRC at the Upper Tax Tribunal. The Group has been granted permission to appeal the decision of the UTT to the Court of Appeal.

This represents the entirety of the provisions held by the Group at 31 December 2022 and 31 December 2023.

18. Share capital

	Number	Nominal value fully paid	Nominal value unpaid	Nominal value total
	'000	£000	£000	£000
At 1 January 2023 and 31 December 2023	46,038	4,593	11	4,604

The Company has one class of ordinary shares of 10 pence each which carry no right to fixed income.

Notes to the Financial Statements (continued)

19. Reserves

	2023	2022
	£000	£000
Share premium account	58,335	58,335
Reverse acquisition and merger reserve	(10,024)	(10,024)
Other equity reserves	22,988	22,988
Foreign currency translation reserve	(1,564)	(1,580)
Total other reserves	69,735	69,719
Retained earnings	(67,885)	(60,777)
Non-controlling interests	1	1

The fair value of the share consideration over and above the share's nominal value of 10 pence per share for all other shares issued by the Company is included in the share premium reserve. In addition, directly attributable costs incurred in the issuing of shares are also recognised in the share premium reserve.

The reverse acquisition and merger reserve represents the fair value of the share consideration over and above the share's nominal value of 10 pence per share for those shares issued as consideration for acquisitions that take the Group's ownership of the acquired entity above 90%.

The consolidated Group accounts show the reverse acquisition and merger reserve net of the reverse acquisition reserve of £10,842,000 created on the reverse acquisition of Quindell Limited by Mission Capital plc (now Watchstone Group plc), which occurred in 2011. In the transaction, the Company remains the legal parent and therefore the Company accounts show the gross position of the reverse acquisition reserve.

Other equity reserves comprise:

	Equity reserve	Share consideration reserve	Total other equity reserves
	£000	£000	£000
At 1 January 2022	54	22,934	22,988
At 1 January 2023 and 31 December 2023	54	22,934	22,988

Share consideration reserve

The share consideration reserve represents the difference between the fair value of share consideration versus the value of the non-controlling interest acquired.

20. Cash flow from operating activities

	2023	2022
	£000	£000
(Loss)/profit after tax	(7,108)	37
Tax	–	–
Net finance income	(286)	(111)
Operating loss	(7,394)	(74)
Operating cash flows before movements in working capital and provisions	(7,394)	(74)
– Decrease in trade and other receivables	1,662	206
– (Decrease)/increase in trade and other payables	(925)	551
Cash (used in)/generated from operations	(6,657)	683

Notes to the Financial Statements (continued)

21. Financial instruments

(a) Carrying value and fair value

The accounting classification of each class of the Company's financial assets and liabilities, together with their fair values is as follows:

	Financial assets	Other liabilities	Total carrying value	Total fair value
	£000	£000	£000	£000
At 31 December 2023				
Trade and other receivables	109	–	109	109
Trade and other payables	–	(807)	(807)	(807)
Term deposits	6,000	–	6,000	6,000
Cash and cash equivalents	1,343	–	1,343	1,343
At 31 December 2022				
Trade and other receivables	1,692	–	1,692	1,692
Trade and other payables	–	(1,803)	(1,803)	(1,803)
Term deposits	12,000	–	12,000	12,000
Cash and cash equivalents	1,768	–	1,768	1,768

The fair values of financial assets and liabilities are determined as follows:

- The fair value of cash and cash equivalents and term deposits is equivalent to the carrying value due to the short-term nature of those instruments; and
- The fair value of other financial assets and liabilities with standard terms and conditions is determined in relation to estimated discounted cash flows to net present values.

Cash and cash equivalents classified as financial assets mainly comprise investments in major UK bank deposits which can be withdrawn without notice. Term deposits represent investments with fixed returns over periods not exceeding six months.

(b) Fair value hierarchy

The Group's financial instruments which are carried at fair value comprise available for sale investments in unlisted companies. Fair values are measured using inputs that are not based on observable market data and are categorised as Level 3 in the fair value hierarchy.

(c) Financial risk management

The Group's financial instruments comprise cash and liquid resources and various items such as trade debtors and trade creditors that arise from its operations. The main purpose of these financial instruments is to manage the Company's operations. Term deposits are used to generate a return for the Company where the invested cash is not required for the operations of the Company.

Notes to the Financial Statements (continued)

Interest risk and sensitivity

Interest bearing assets consist of cash balances which earn interest at variable rates.

An increase of 100 basis points in interest rates at the reporting date would have increased equity and profit and loss by the amounts shown below. This analysis assumes that all other variables remain constant.

	2023	2022
	£000	£000
Variable rate instruments	–	–

Liquidity risk

The Group holds significant cash reserves and no material debt. The Group has concluded that its cash reserves are adequate to ensure a sufficient level of liquidity to fund the ongoing litigation and operations of the Group's business together with any future investment needs. Liquidity risks are managed through regular forecasting, surplus funds are maintained in accessible deposits.

The following are the contractual maturities of financial liabilities:

	Carrying amount	Contractual cash flows	Less than 1 year	Between 1-5 years	Over 5 years
	£000	£000	£000	£000	£000
Non-derivative financial liabilities					
2023					
Trade and other payables	807	(807)	(807)	–	–
	807	(807)	(807)	–	–
2022					
Trade and other payables	1,803	(1,803)	(1,803)	–	–
	1,803	(1,803)	(1,803)	–	–

Capital risk

The Group defines its capital as the Group's total equity, including non-controlling interests. Its objectives when managing capital is to safeguard the Group's ability to continue to meet its obligations as they fall due, in order to provide returns for shareholders and to have available the necessary financial resources to allow the Group to finance the development of its litigation assets and to maintain sufficient financial resources to mitigate risks and unforeseen events, without need to raise further equity from shareholders. The Group will manage its capital base to source any future investment requirement from working capital realisation or other cash inflows and the proceeds from realisation of assets. It will use its planning cycle to manage capital risk, including conducting sensitivity and scenario testing on forecast capital and in assessing any new investment expenditure.

Notes to the Financial Statements (continued)

Credit risk

Having disposed of its trading businesses the Group is not subject to any credit risk in respect of end customers and has no trade receivables. The remaining material receivable balances at 31 December 2022 relates to amounts held in escrow in support of ongoing litigation.

The Group holds significant deposits which are held in a UK regulated bank with a higher credit rating.

The carrying amount of financial assets represents the maximum credit exposure. At the reporting date, the principal financial assets were:

	Note	2023 £000	2022 £000
Non-derivative financial assets			
Other receivables	17	109	1,692
Trade receivables	17	–	–
Term deposits		6,000	12,000
Cash and cash equivalents	15	1,343	1,768
		7,452	15,460

22. Ultimate parent company

The ultimate parent company of the Group is Watchstone Group plc. There were no shareholders with overall control of the ultimate parent as at 31 December 2023.

23. Contingent assets and liabilities

The parent of the Group, Watchstone Group plc, has at the year end in relation to Section 479C of the Companies Act 2006, guaranteed all liabilities of its subsidiary Watchstone Limited (registered number 04097808). Accordingly, Watchstone Limited has taken the exemption available under Section 479A of the Companies Act 2006 from its requirement for to be separately audited.

24. Discontinued operations and disposals

(Loss)/profit for the year from discontinued operations:

	2023 £000	2022 £000
Other Hubio	(20)	87
ingenie	(8)	(10)
(Loss)/profit for the year from discontinued operations net of tax	(28)	77

Notes to the Financial Statements (continued)

25. Related party transactions

Transactions between Group undertakings, which are related parties, have been eliminated on consolidation and are not disclosed in this note.

Compensation of key management personnel

The key management personnel are the Directors.

	2023	2022
	£000	£000
Short-term employee benefits	1,412	1,500
Post-employment benefits	–	–
Termination benefits	–	–
	1,412	1,500

Transactions with Directors and Key Management

There have been no transactions with Directors and Key Management during 2023 (2022: none).

26. Post balance sheet events

In March 2024, the Group was informed of the decision of the Upper Tax Tribunal which found in favour of HMRC in respect of the Groups claim for historic VAT. Further details are included in note 17.

Also in March 2024, the Group was notified of a potential claim in respect of a historic property lease by a former subsidiary of the Group where the parent company had entered into a guarantee for the former subsidiary. On the basis of advice from specialist Counsel, the Board believes there the Group has no liability and, in any event, will be indemnified against any claim should it proceed.

Notes to the Financial Statements

27. General information

Watchstone Group plc (the Company) is a public limited company registered and domiciled in the United Kingdom. The Financial Statements are presented in pounds sterling, to the nearest thousand, as this is the currency of the primary economic environment in which the Company operates. The address of the registered office is Highfield Court, Tollgate, Chandler's Ford, Hampshire, SO53 3TY.

28. Material accounting policies

The principal accounting policies adopted in the preparation of these Financial Statements are set out below. These policies have been consistently applied to all the years presented. Other than the estimate and judgement in respect of the recognition and valuation of contingent consideration due on disposals the critical accounting estimates of the Company are the same as the Group, as disclosed in note 4.

Basis of preparation

These Financial Statements have been prepared in accordance with UK adopted international accounting standards in conformity with the requirements of the Companies Act 2006. A summary of the material Company accounting policies is set out below. The Company has reviewed its accounting policies in accordance with IAS 8 and determined that they are appropriate for the Company and have been consistently applied.

In preparing these Financial Statements the Board has taken into account all available information in the application of its accounting policies and in forming judgements.

Going concern

It is the intention of the Directors to return capital to shareholders and to liquidate the Parent Company and the Group when the remaining legal matter, as described in note 17, has been concluded and any value from litigation assets has been achieved. It is not possible to determine the timeframe for this process to be completed as it is contingent upon several external factors including court approval for a capital return.

The Parent Company and the Group remain solvent, with net assets and sufficient cash and term deposits to meet their ongoing need for the foreseeable future up until when they will be liquidated. Given the intention to liquidate the Parent Company and the Group, the Directors therefore believe that

it is not appropriate to prepare these Financial Statements on a going concern basis. Accordingly, the Directors have prepared these financial statements on a basis other than going concern. No adjustment was needed to the amounts recognised in these Financial Statements because of this change.

Income Statement and Statement of Comprehensive Income

The Company has not presented its own Income Statement and Statement of Comprehensive Income as permitted by section 408 of the Companies Act 2006.

Investments in subsidiary undertakings

Investments in subsidiary undertakings are held at cost less any provisions for impairment. The recoverable value of these investments are assessed at least annually.

Trade receivables and intercompany debt

Trade receivables are held at amortised cost less any impairment provisions and this equates to their recoverable value. Impairment provisions for intercompany receivables are recognised based on a forward-looking expected credit loss model. The methodology used to determine the amount of the provision is based on whether there has been a significant increase in credit risk since initial recognition of the financial asset. For those where the credit risk has not increased significantly since initial recognition of the financial asset, twelve-month expected credit losses are recognised. For those for which credit risk has increased significantly, lifetime expected credit losses are recognised. For those that are determined to be credit impaired, lifetime expected credit losses are recognised. Movements in the impairment provision relating to credit risk are recognised within administrative expenses as bad debt expenses.

Trade payables

Trade payables do not carry any interest and are initially stated at their fair value. Subsequent to initial recognition they are measured at amortised cost.

Cash and cash equivalents

Cash in the Statement of Financial Position comprises cash at banks and in hand. For the purpose of the Cash Flow Statement, cash and cash equivalents consist of cash and cash equivalents as defined above.

Notes to the Financial Statements (continued)

Term deposits

Term deposits represent short term (six months or less) investments in fixed interest deposits with a major UK bank. The related gross cash flows are included within investing activities in the Cash Flow Statement. The interest receipts relating to term deposits are also shown within investing activities as interest received. Term deposits do not qualify as cash since they are not held with a view to meeting the short term cash requirements of the Company.

Provisions

Provisions are recognised when the Company has a present legal or constructive obligation in respect of a past event and it is probable that settlement will be required of an amount that can be reliably estimated.

Taxation including deferred tax

The tax expense represents the sum of current tax and deferred tax. Tax is recognised in the Income Statement except to the extent that it relates to items recognised in equity in which case it is recognised in equity. The current tax is based on taxable profit for the year calculated using tax rates that have been enacted or substantively enacted by the Statement of Financial Position date.

Deferred tax is provided using the balance sheet liability method on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. In principle deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets or liabilities in a transaction that affects neither the tax profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each Statement of Financial Position date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled, or the asset is realised. Tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes relate to the same fiscal authority.

Share capital

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

29. Adoption of new and revised Standards

There are no new standards impacting the Company for the year ended 31 December 2023.

Standards, amendments and interpretations not yet adopted

There are a number of standards, amendments to standards, and interpretations which have been issued by the IASB that are effective in future accounting periods that the Company has decided not to adopt early. The following are not expected to have a material impact upon the Financial Statements of the Company:

Effective for the period beginning 1 January 2024

- Amendment to IAS 7 and IFRS 7 – Supplier finance arrangements
- Amendment to IFRS 16 – Lease liability in a sale and leaseback transaction
- Amendments to IAS 1 – Classification of lease liabilities as current or non-current and non-current liabilities with covenants

Effective for the period beginning 1 January 2025

- Amendment to IAS 21 – Lack of exchangeability

Notes to the Financial Statements (continued)

The following information relates to the related undertakings of the Company. Unless otherwise stated, all holdings are 100% and the principal activity of the undertaking is the provision of healthcare services, insurance brokerage and other services.

Name of investment	Nature of holding	Class and percentage of shares held (100% ordinary shares unless otherwise stated)
Investments incorporated in Canada		
<i>Registered Address: 100 King Street West, Suite 3400, One First Canadian Place, Toronto, Ontario, M5X 1A4</i>		
Hubio Solutions Inc	Indirect	
ingenie (Canada) Inc	Indirect	
Quindell Services Inc	Indirect	
Watchstone (Canada) Inc	Direct	
Investments incorporated in United Kingdom		
<i>Registered Address: Highfield Court, Tollgate, Chandlers Ford, Eastleigh, Hampshire SO53 3TY</i>		
Quindell Business Process Services Limited	Direct	98.40%
Watchstone Limited	Direct	
WTGIL Limited	Direct	
WTGISL Limited	Indirect	
<i>Registered Address: 85 Great Portland Street, London, W1W 7LT</i>		
UPP Technologies Group Limited	Direct	0.50%
Investments incorporated in United States of America		
<i>Registered Address: 280 Madison Avenue, Room 912 – 9th Floor, New York 10016</i>		
SMI Telecoms LLC	Indirect	
<i>Registered Address: Corporation Service Company, 2711 Centerville Road, Ste 400, Wilmington, DE 19808</i>		
Iter8 (USA) Inc	Indirect	

The financial year ends of the Group's subsidiaries are 31 December. The above investments are treated as consolidated subsidiaries of the Group, with the exception of those set out below.

The following information relates to investments of the Company also treated as investments within the Group accounts (see note 13):

Name of investment	Country of incorporation	Nature of holding
UPP Technologies Group Limited (0.5%)	UK	Direct

The fair value of investments was assessed on sales value less cost to sell and falls within Level 3 of the fair value hierarchy.

There are no contractual arrangements to provide resources to any investments or subsidiaries, however the Company gives adequate resources to subsidiaries to meet working capital requirements.

Notes to the Financial Statements (continued)

31. Receivables

	2023	2022
	£000	£000
Other receivables	4	1,652
Prepayments	8	15
Accrued interest	105	40
	117	1,707

All receivables fall due within one year of the balance sheet date. The Directors consider that the net carrying amount of trade receivables approximates to their fair value.

32. Cash and cash equivalents

Cash and cash equivalents comprise the following for the purpose of the cash flow statement:

	2023	2022
	£000	£000
Cash and cash equivalents	1,287	1,701

33. Liabilities

	2023	2022
	£000	£000
Current liabilities		
Payroll and other taxes including social security	447	69
Trade payables	254	262
Amounts owed to Group undertakings	1,150	1,228
Accruals	75	1,449
	1,926	3,008

The Directors consider that the net carrying amount of liabilities approximates to their fair value.

The analysis of provisions is as follows:

	Legal disputes
	£000
At 1 January 2022	129
At 1 January 2023	129
Additional provisions	71
At 31 December 2023	200
Split:	
Current	200

Details relating to legal provisions are included within note 17 under legal disputes and regulatory matters.

Notes to the Financial Statements (continued)

34. Financial instruments and financial risk management

(a) Financial instruments

The Company's financial instruments comprise:

1. Loans and receivables comprising: trade and other receivables including amounts due from subsidiary undertakings £nil (2022: £nil);
2. Other receivables of £4,000 (2022: £1,652,000);
3. Cash and cash equivalents of £1,287,000 (2022: £1,701,000);
4. Term deposits of £6,000,000 (2022: £12,000,000); and
5. Other liabilities comprising: trade and other payables including amounts owed to Group undertakings of £1,479,000 (2022: £2,939,000).

The carrying value and fair values are approximately the same. The fair values of assets and liabilities and fair value hierarchy is as described in note 21.

(b) Financial risk management

The Company manages its exposure to capital, liquidity and credit risk as set out in note 27. The following are the contractual maturities of financial liabilities:

	Carrying amount	Contractual cash flows	Less than 1 year	Between 1-5 years	Over 5 years
	£000	£000	£000	£000	£000
2023					
Trade and other payables	254	(254)	(254)	–	–
Amounts owed to Group undertakings	1,150	(1,150)	(1,150)	–	–
	1,404	(1,404)	(1,404)	–	–
2022					
Trade and other payables	262	(262)	(262)	–	–
Amounts owed to Group undertakings	1,228	(1,228)	(1,228)	–	–
	1,490	(1,490)	(1,490)	–	–

All financial instruments are denominated in pounds sterling.

35. Called up share capital

	Number	Nominal value fully paid	Nominal value unpaid	Nominal value total
	'000	£000	£000	£000
2023				
At start and end of year	46,038	4,593	11	4,604
2022				
At start and end of year	46,038	4,593	11	4,604

The Company has one class of ordinary shares of 10 pence each which carry no right to fixed income.

Notes to the Financial Statements (continued)

36. Reserves

	2023	2022
	£000	£000
Share premium account	58,335	58,335
Merger reserve	818	818
Other equity reserve	54	54
Share-based payments reserve	–	–
Other reserves	59,207	59,207
Retained earnings	(58,533)	(51,540)

The fair value of the share consideration over and above the share's nominal value of 10 pence per share for all other shares issued by the Company is included in the share premium reserve. In addition, directly attributable costs incurred in the issuing of shares are also recognised in the share premium reserve.

The merger reserve represents the fair value of the share consideration over and above the share's nominal value of 10 pence per share for those shares issued as consideration for acquisitions that take the Company's ownership of the acquired entity above 90%.

The equity reserve represents the equity component of share-based payments prior to 1 October 2010.

The share-based payment reserve is increased to reflect the fair value to the Company of share-based payment transactions, with the reserve being reduced when shares are issued.

Further details relating to reserves are included in the Company Statement of Changes in Equity on page 44.

37. Income statement of the Company

The Company has taken advantage of the exemption under section 408 of the Companies Act 2006 to not disclose the Income Statement of the Company. The loss after taxation of the Company for the year ended 31 December 2023 was £6,993,000 (2022: profit of £264,000).

38. Cash flow from operating activities

	2023	2022
	£000	£000
(Loss)/profit after tax	(6,993)	264
Net finance income	(297)	(92)
Operating cash flows before movements in working capital and provisions	(7,290)	172
– Decrease in trade and other receivables	1,655	122
– (Decrease)/increase in trade and other payables	(933)	586
Cash generated from operations	6,568	880

Notes to the Financial Statements (continued)

39. Ultimate controlling party

There are no shareholders with overall control of the Company as at 31 December 2023.

40. Contingent assets and liabilities

The Company routinely enters into a range of contractual arrangements in the ordinary course of events which can give rise to claims or potential litigation against Group companies. It is the Company's policy to make specific provisions at the Statement of Financial Position date for all liabilities which, in the opinion of the Directors, are expected to result in a significant loss. Please refer to note 35 where further details are provided.

The Company has provided a guarantee to its subsidiary Watchstone Limited, further details are provided in note 25.

41. Related party transactions

In the year, the key management personnel were the Directors. The Directors had no material transactions with the Company during the year, other than disclosed in the Directors' Remuneration Report on pages 8 and 9 or as described in note 25.

During the year, the Company entered into transactions, in the ordinary course of business, with other related parties as follows:

	2023	2022
	£000	£000
Subsidiary undertakings:		
Purchases	(7)	(43)
Sales	185	567

At 31 December, the outstanding balances with subsidiaries are as follows:

	2023	2022
	£000	£000
Amounts due from subsidiary undertakings	110,786	110,395
Provisions for doubtful debts relating to amounts due from subsidiary undertakings	(110,786)	(110,395)
Net amounts due from subsidiary undertakings	–	–
Amounts due to subsidiary undertakings	(1,150)	(1,228)

42. Post balance sheet events

In March 2024, the Group was informed of the decision of the Upper Tax Tribunal which found in favour of HMRC in respect of the Groups claim for historic VAT. Further details are included in note 17.

Also in March 2024, the Group was notified of a potential claim in respect of a historic property lease by a former subsidiary of the Group where the parent company had entered into a guarantee for the former subsidiary. On the basis of this advice from specialist Counsel, the Board believes that the Group has no liability and, in any event, will be indemnified against any claim should it proceed.

43. Dividends

The Company did not pay any dividends during the year, nor in the prior year.
